EPISODE NAME: Chinese Export Controls on Aerospace Technologies

2024/05/30 - Ongoing

Sender: China (710)

Target: United States (2)

Issue: Deny Strategic Materials (6)

Final Outcome: Ongoing

Summary:

On 2024/07/01, China began imposing export restrictions on aerospace products. These restrictions are ongoing.

Narrative:

On 2024/05/30, China's Commerce Ministry announced it would begin requiring dual use permits for aircraft and aerospace engines and structural parts, engine manufacturing related equipment, software and technology and some related tools and machines on 2024/07/01.¹ The ministry described the move as necessary "to safeguard national security and interests."² The restrictions came amidst rising US-China tensions generally, not in response to any specific US action.³

These restrictions are still in place and the episode is ongoing.
