Narrative:

On 2023/12/18, China threatened that it would take “countermeasures” against US companies in response to a 2023/12/15 sale of \$300 million worth of equipment to help maintain Taiwan’s tactical information systems.¹²

On 2024/01/07, China announced sanctions on major U.S. defense contractors in response to U.S. arms sales to Taiwan.³ Sanctioned companies include BAE Systems Land and Armaments, Alliant Techsystems Operations, AeroVironment, Viasat and Data Link Solutions.⁴ The sanctions specifically targeted the companies' operations within China, restricting their ability to engage in trade, investment, and other business activities.⁵

These sanctions are still in place.
